Dear Judge--

I'm a college student and thus have been a big supporter of Microsoft products (mainly Microsoft Word). However, I do not believe it is right they were able to be granted a deal giving them full leverage over the competition. We live in America under a Democracy. Thus, a company based in the states should not rule as a dictatorship. If our country is not run in this manner, what makes a company believe they can do so?

Sincerely,

Robyn Freeman
